Hardware	Black

RITHIMIC V - NAT

Rithimic Series is designed and inspired by Jeff Berlin, created by Cort. Jeff Berlin is known as one of the greatest bass players in the world and is also considered one of the finest clinicians in music.

Cort Guitars and Jeff Berlin have collaborated to release the Jeff Berlin bass since 2014. Jeff's basses have always been simple and vintage inspired, but then tweaked to his exact specifications to make them something special. The Rithimic provides that same balance between vintage, simple and well evolved for today's playing demands.

The bass features an alder body with a beautiful exotic wood top. Outfitting the body are a pair of Bartolini Jeff Berlin custom soapbar pickups, a Babicz Full Contact Hardware bridge, one volume control, one balance control, one tone control, passive electronics, and gold hardware. The hard rock maple neck is complemented with a rosewood fingerboard and four inline headstock featuring Hipshot Ultralight tuners. The action on the bass is low, and it is set up with DR Strings Custom DDT (Drop Down Tuning) for easy playing.

"After playing the same bass for so many years I was not sure that another builder could develop something that I would love. As soon as I played the very first Cort Rithimic bass, I was wowed. I could not believe how perfectly this bass turned out. This is an astonishing instrument that Cort has built for me."

Construction	Bolt-On
Cutaway	Double Cutaway
Body	Alder body with Walnut Burl Top
Neck	Canadian Hardmaple
Fretboard	Rosewood
Scale	34" (864mm)

Strings	Savarez® Crystal Corum
Additional	*Trussrod Included *GraphTech® Nubone XB Nut & Saddle

AC160

The traditional style AC models have been re-engineered to improve resonance for an authentic classical guitar sound. The nice combination of tone-woods yields a traditional, deep and delightfully mellow tone. Cort AC series is very forgiving of student mistakes, requiring slightly less precision and sharpness for a good tone.

Construction	Dovetail Neck Joint
Body	Classic
Nut Width	52□
Top	Spruce
Back & Sides	Macassar Ebony
Neck	Mahogany
Binding	Black
Fretboard	Merbau
Frets	19
Scale	25.6"
Tuners	Open Gear
Rosette	Wooden rosette
Bridge	Merbau
Strings	Savarez® Crystal Corum

AD890MBCF

For those seeking the distinctive look and sound of Mahogany in an acoustic, the AD890MBCF features Mahogany Burl top, back and sides for a warm and balanced midrange that is ideal for strumming as well as single-note soloing. For even more versatility, the AD890MBCF also features Graphtech Nubone XB nut and saddle along with the highly regarded Fishman Isys T preamp.

AS-OC4 ALL MAHOGANY

A solid, all-mahogany body with a natural, open-pore finish and orchestra model (OM) cutaway design. The dark, open-pore finish of the AS-OC4 ensures that this guitar will age as desired—unlike a laminated guitar—allowing the wood choice to resonate naturally. In terms of tonal quality, players will find that the AS-OC4's mahogany provides balanced dynamics, with ample bottom-end response that doesn't inhibit the top-end. Smaller than a Dreadnought, the AS-OC4 certainly doesn't lack in volume and has the ability to accommodate a variety of acoustic styles. The OM body features the soft, rounded lines of the Venetian cutaway, allowing the player to get more from the highest of the 20 frets. The quality of this design is reinforced by Cort's advanced scalloped x-bracing and dovetail neck joint.

Construction	Dovetail Neck Joint
Cutaway	Venetian Cutaway
Body	OM Cutaway
Nut Width	45mm (1 3/4")
Top	Solid Mahogany
Back & Sides	Solid Mahogany
Neck	Mahogany
Fretboard	Rosewood or Ovangkol

Speaker	Two 8" Woofer and one tweeter
Dimensions	475x320x305
Weight	12kg

AF 30

The Cort AF30 and AF60 models provide 30 watts and 60 watts, respectively, of clean solid state power as well as onboard DSP for lush chorus, delay and chorus-delay effects. The AF Series amps also feature a 4-band graphic EQ for further tone-shaping as well as a notch filter to eliminate feedback – a feature normally found in amps that cost much more. Ideal for small venues, rehearsals and practice applications, the mobile but powerful AF30 will extend the range of your acoustic-electric guitar with performance, features, value and musicality.

Input Voltage	Varies Depending on the Region
Power Require	65W
Power Outage	30W R.M.S.
Rated Load Impedance	30W R.M.S.
Speaker	One 8" Woofer and one tweeter
Dimensions	392x320x305
Weight	8kg

CM30R BK

The new CM30R offers the same new enhanced exterior design as the 15R but with twice the power output for musicians who need a compact yet powerful amplifier for practicing with a loud band and performing in smaller-sized venues.

Input Voltage	Varies Depending on the Region
Power Require	70W
Power Outage	30W R.M.S.
Rated Load Impedance	8 Ohm
Speaker	Custom 10" Speaker
Dimensions	380x365x200
Weight	9Kg

CM15R BK

The CM Series provides the perfect starting point for any guitar player or bassist. Whether you are an entry-level player or a seasoned pro in need of a highly portable and great sounding amplifier for practice sessions, the CM Series amps offer a wide range of features with excellent sounds for a variety of musical applications.

Input Voltage	Varies Depending on the Region
Power Require	35W
Power Outage	15W R.M.S.
Rated Load Impedance	8 Ohm
Speaker	Custom 8"
Dimensions	305x315x190
Weight	6Kg

BASS GUITARS

ACTION DLX V PLUS FGB

Affordable but loaded with quality materials, components and craftsmanship, the Action Series basses define value for the aspiring bass player with versatile features as PJ, JJ and soapbar pickup options and active EQ electronics.

RITHIMIC V - NAT

Rithimic Series is designed and inspired by Jeff Berlin, created by Cort. Jeff Berlin is known as one of the greatest bass players in the world and is also considered one of the finest clinicians in music.

Cort Guitars and Jeff Berlin have collaborated to release the Jeff Berlin bass since 2014. Jeff's basses have always been simple and vintage inspired, but then tweaked to his exact specifications to make them something special. The Rithimic provides that same balance between vintage, simple and well evolved for today's playing demands.

The bass features an alder body with a beautiful exotic wood top. Outfitting the body are a pair of Bartolini Jeff Berlin custom soapbar pickups, a Babicz Full Contact Hardware bridge, one volume control, one balance control, one tone control, passive electronics, and gold hardware. The hard rock maple neck is complemented with a rosewood fingerboard and four inline headstock featuring Hipshot Ultralight tuners. The action on the bass is low, and it is set up with DR Strings Custom DDT (Drop Down Tuning) for easy playing.

"After playing the same bass for so many years I was not sure that another builder could develop something that I would love. As soon as I played the very first Cort Rithimic bass, I was wowed. I could not believe how perfectly this bass turned out. This is an astonishing instrument that Cort has built for me."

Construction	Bolt-On

Strings	D'Addario EXP46N Strings
Bracing	Traditional Fan Bracing

CEC1

The Classic Series features two distinctive types of models: the traditional Spanish-style nylon-string AC models and hybrid nylon-string CEC models that borrow from steel-string cutaway acoustic-electrics with cutaways, narrower nut width, and Fishman electronics. The traditional style AC models have been re-engineered to improve resonance for an authentic classical guitar sound while the CEC models feature slim body with cutaway, 45mm nut width and electronics for steel-string players who love the nylon-string sound.

Construction	Dovetail Neck Joint
Cutaway	Venetian Cutaway
Body	SFX Body
Nut Width	45mm (1 3/4")
Top	Solid Cedar Top
Back & Sides	Solid Mahogany back and Mahogany sides
Neck	Mahogany
Binding	Black Binding
Fretboard	Rosewood or Merbau
Scale	25.3"
Bridge	Rosewood or Merbau
Pickups	Ceramic Pickup
Electronics	Cort CE304T Preamp
Strings	D'Addario EXP46N Strings
Bracing	Advanced Fan Bracing
Additional	Slim Body Depth (83x83mm)

CEC3

CEC models that borrow from steel-string cutaway acoustic-electrics with cutaways, narrower nut width, and Fishman electronics. The traditional style AC models have been re-engineered to improve resonance for an authentic classical guitar sound while the CEC models feature slim body with cutaway, 45mm nut width and electronics for steel-string players who love the nylon-string sound.

Construction	Dovetail Neck Joint
Cutaway	Venetian Cutaway
Body	SFX Body

Bridge	FloydRose® Special Tremolo
Pickups	EMG® RetroActive Hot70 Set
Electronics	1 Volume, 1 Tone, 3 Way Toggle Switch
Hardware	Black
Strings	D'Addario® YB EXL 120

X250

The X250 offers an excellent value with a plethora of great features found on the higher-end X Series models such as the versatile HSH pickup configuration with EMG SRO OC1 humbuckers and Alnico V single coil pickup, a double-locking tremolo system for excellent tuning stability, and Meranti wood body with hard rock Maple neck. Available in three cool finishes: Tear Drop Pink, Kona Blue and Black.

Construction	Bolt-On
Body	Meranti
Neck	Hardmaple
Fretboard	Jatoba(400□ Radius)
Frets	24
Scale	25.5"
Tuners	Die-Casting
Bridge	DoubleLocking-II Tremolo
Pickups	EMG® SRO OC1 & Alnico V Single-Coil
Electronics	1 Volume, 1 Tone, 5 Way Selector Switch
Hardware	Black, Blue, Pink
Strings	D'Addario® YB EXL 120

X100

The X100 features the same slick and fast playability of the higher-end X Series models with Meranti body wood and hard rock Maple neck, Jatoba for fingerboard with 15.75" radius, two high output humbucker pickups, and 6-point tremolo system available in three open pore finishes: Black, Black Cherry Burst, and Blue Burst.

Construction	Bolt-On
Body	Meranti
Neck	Hardmaple
Fretboard	Maple(305□ Radius)
Frets	24
Scale	25.5"
Tuners	Die-Casting
Bridge	6-Point Tremolo
Pickups	Powersound Humbucker
Electronics	1 Volume, 1 Tone, 3 Way Selector Switch
Hardware	Black

SUNSET TC

The Sunset TC is a unique hybrid design that incorporates the look and features of two types of iconic solidbody electric guitars: the T-style and LP-style. The combination of T-style bridge pickup with P-style single-coil neck pickup produces a wealth of classic sounds ideal for classic rock, blues, country, pop, and funk, making it a simple but versatile instrument for the roots-oriented player.

Construction	Bolt-On
Body	Ash
Neck	Hardmaple
Fretboard	Jatoba(240□)
Frets	22
Scale	25.5"
Tuners	Vintage
Pickups	Duncan Designed® P90-1 & TE-103B
Electronics	1 Volume, 1 Tone, 3 Way Toggle Switch
Hardware	Nickel
Strings	D'Addario® YB EXL 120

G100 HH

The G Series represents a logical evolution of the term "vintage". It is modern yet retains the familiar characteristics of the classic double-cutaway design in an aesthetically tasteful manner. This double-cutaway collection includes a wide variety of options and features to best meet a player's specific needs and requirements.

GUITAR AMPLIFIERS

MX30R

Input Voltage	~100V, ~110V, ~120V, ~220V, ~230V, ~240V 50/60Hz (Factory option)
Power Require	65W
Power Outage	30W R.M.S.
Rated Load Impedance	6 Ohm
Speaker	Custom 10" Speaker
Dimensions	417x450x265
Weight	10.6

MX15R

Input Voltage	~100V, ~110V, ~120V, ~220V, ~230V, ~240V 50/60Hz (Factory option)
Power Require	35W
Power Outage	15W R.M.S.
Rated Load Impedance	8 Ohm
Speaker	Custom 8"
Dimensions	357x342x202
Weight	6.2

MX15

Input Voltage	~100V, ~110V, ~120V, ~220V, ~230V, ~240V 50/60Hz (Factory option)
Power Require	35W
Power Outage	15W R.M.S.
Rated Load Impedance	8 Ohm
Speaker	Custom 8"
Dimensions	357x342x202
Weight	6

CM10G

The CM Series provides the perfect starting point for any guitar player or bassist. Each has 10 watts, a 3 band EQ and a headphone output.

Input Voltage	~100V, ~110V, ~120V, ~220V, ~230V, ~240V 50/60Hz (Factory option)
Power Require	20W
Power Outage	10W R.M.S.
Rated Load Impedance	8 Ohm
Speaker	Custom 6.5"
Dimensions	294x302x156
Weight	3.8

GE30B

The GE Series bass amplifiers pack power and punch in a small package. Whether you are practicing, jamming or performing at a small venue, the GE Series will deliver the bottom end with a built-in compressor, active/passive input option and metal grille.

Input Voltage	Varies Depending on the Region
Power Require	65W
Power Outage	30W R.M.S.
Rated Load Impedance	6 Ohm
Speaker	Custom 10" Speaker
Dimensions	417x450x265
Weight	10.6

GE15B

The GE Series bass amplifiers pack power and punch in a small package. Whether you are practicing, jamming or performing at a small venue, the GE Series will deliver the bottom end with a built-in compressor, active/passive input option and metal grille.

Input Voltage	Varies Depending on the Region
Power Require	35W
Power Outage	15W R.M.S.
Rated Load Impedance	8 Ohm
Speaker	Custom 8"
Dimensions	337x335x302
Weight	7.7

AF60

The Cort AF30 and AF60 models provide 30 watts and 60 watts, respectively, of clean solid state power as well as onboard DSP for lush chorus, delay and chorus-delay effects. The AF Series amps also feature a 4-band graphic EQ for further tone-shaping as well as a notch filter to eliminate feedback – a feature normally found in amps that cost much more. Ideal for small venues, rehearsals and practice applications, the mobile but powerful AF30 will extend the range of your acoustic-electric guitar with performance, features, value and musicality.

Input Voltage	Varies Depending on the Region
Power Require	120W
Power Outage	30W x 2 R.M.S.
Rated Load Impedance	40hm
Speaker	Two 8" Woofer and one tweeter
Dimensions	475x320x305
Weight	12kg

AF 30

The Cort AF30 and AF60 models provide 30 watts and 60 watts, respectively, of clean solid state power as well as onboard DSP for lush chorus, delay and chorus-delay effects. The AF Series amps also feature a 4-band graphic EQ for further tone-shaping as well as a notch filter to eliminate feedback – a feature normally found in amps that cost much more.
